

Instructions of use

Version 1.1, September 2018

Product name: Multi Tabs, 200G

Use: Disinfection.

Description

Organic chlorine tablets (200 g) with four functions: Disinfection, chlorine stabilization, algae control and flocculation.

This product is most suitable for continuous disinfection of pool water. It should be added via the skimmer or suitable floating device. Do not throw the tablets directly into the swimming pool.

Instructions of use

Use 1 tablet for 30-35 m³ of pool water every 3-5 days.

Dosage may vary widely (sunlight, bathing-load etc.). Maintain the chlorine level between 1 and 2 mg/l (ppm).

Generally, the pH should be maintained between 7.2 and 7.6.

Use before: see date on the packaging.

Before using this product, please read the instructions and safety data sheet.
