

Instructions of use

Version 1.1, September 2018

Product name: Spa Polish

Use: Grooming.

Description

Liquid, soft scouring agent for cleaning of spa tubs and tiles. The product removes tightly adhering dirt without damaging the surface.

Instructions

Used undiluted. Apply with a dump sponge on a spa tub and tiles. Polish the surfaces and rinse with a clean water.

Before using the product, you should read the instructions and safety data sheet.
