

Instructions of use

Version 1.1, September 2018

Product name: Winter Clean

Use: Water balance & disinfection.

Description

Winter care product to condition the pool water during winter, or when the pool is not in use for a long time.

Instructions

If maintenance stops for max. 3 weeks: Add 80 ml for 10 m³ of water.

During winter: Add 150 ml for 10 m³ of water when preparing/covering the pool for the winter period. If possible add 50 ml per 10 m³ of water after about 3 months.

Before using the product, you should read the instructions and safety data sheet.
